RTD RIFLE RACK

SECURE FAST RELIABLE

The Covered 6 RTD (ready to deploy) Rifle Rack is the fastest, most secure rack for remote storage available. Deployed in over 250 law enforcement agencies worldwide as a trusted means to keep a rifle readily available.

The C6 RTD is the first ever electronically controlled rifle rack purpose built for "imminent Threat" first responders. Stamped steel with two reinforced wall mounting holes on spine. Also, very popular for home defense.
